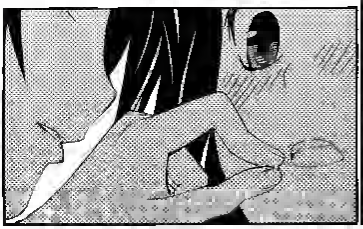
I-It's nothing!!

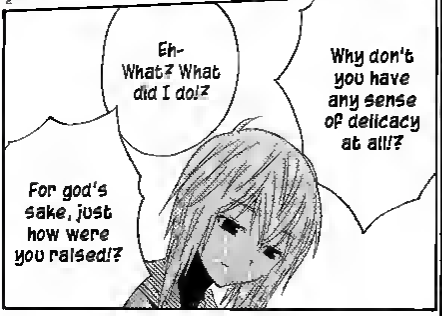
What's wrong?

INFILTRATING A LOCKED ROOM... OUKA'S SPECS ARE TOO MUCH OF A MYSTERY.
Why were you screaming earlier?
.....
I even started locking my door... Just how did you get in?
Why wouldn't I scream? When I woke up, Shikishima-san was sleeping next to me and...
...She did something to you?
Well, I think it's okay. I mean, it's not like she's done anything to you.
Then it's okay, right?
Geez, fine already.

The story so far --> Hanasaka Haru, part of the "Last Generation" born 15 years ago during the time of low fertility. His expectations of his first school life ruined, his only classmates are the bossy Himeshiro and the communication-impaired Shikishima ...



Hanasaka Haru
Dreams of having a "school life" and "classmates." A "Shouwa" maniac
Too innocent, thus weird



Himeshiro Sakurako
Hanasaka's bossy classmate
Grieving for the country she leads
the currents situation while hating the "old people"

Even if you say that...

You don't do it to a complete stranger!!

Besides, that's something you do to kids! Children!!

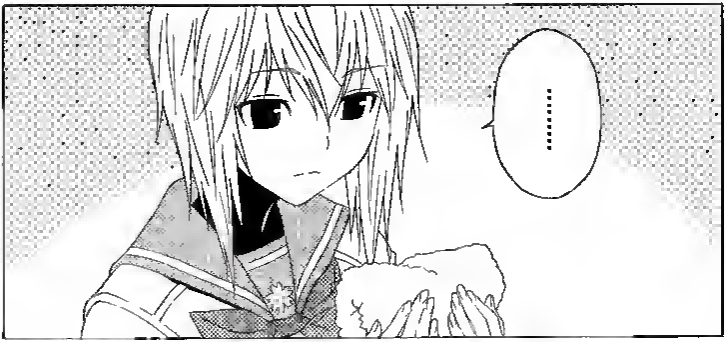
Shikshima Ouka Hanasaka and Himeshiro e very taciturn classmate Extremely communication-impaired but lonely

Wait...

.....

.....

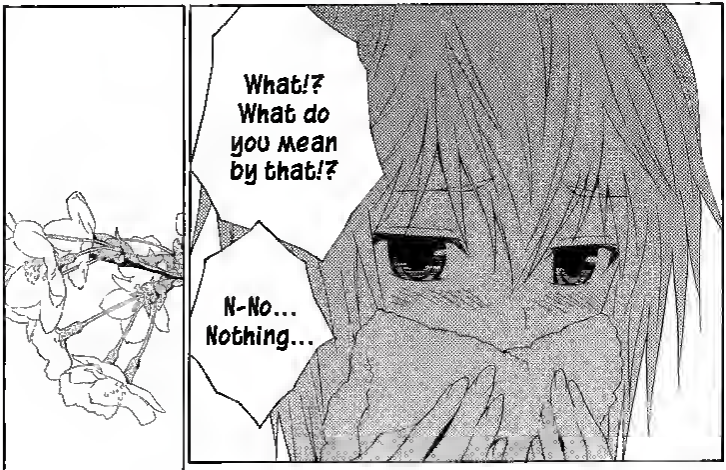
Now, you've got to wipe your face with that.



.....

You talk like you're not a problem yourself.
Geez, you and Hanasaka... You guys are both hopeless...

5

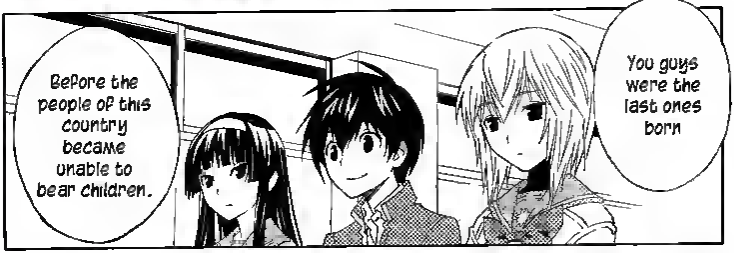


What!? What do you mean by that!?
N-No... Nothing...

By the way, real classes start today, huh?
I'm so excited!
It kinda feels like "Finally..."
Yesterday ended without me getting any answers, either...
Geez. Makes you wonder just what that school is for...

...As a result
The rest of the wealthy people ran away to other countries
The country became occupied by immigrants
And was invaded by a foreign capital
So, the imperial palace was moved to Kyoto
And Tokyo, in essence, is in a state of concession.
And then, as if further plunging Japan into despair, the declining birth rate
Even the Japanese language has become obsolete there.
Has finally reached its limit.

The "Last Generation"



You guys were the last ones born
Before the people of this country became unable to bear children.

Well, that's the gist of it.
Modern history is so depressing, huh...
So next, you can pick the era that you'll...
Sensei! I've got a question.
Yes, Himeshiro-san?
What does Sensei think about this!?
About the current situation?

TL Note: End greetings - refers to the "stand-bow-greeting" ritual after each class

Hmm...
Whoa-aaaaaaaa
AHA HA
Hiya, Kanasaka-

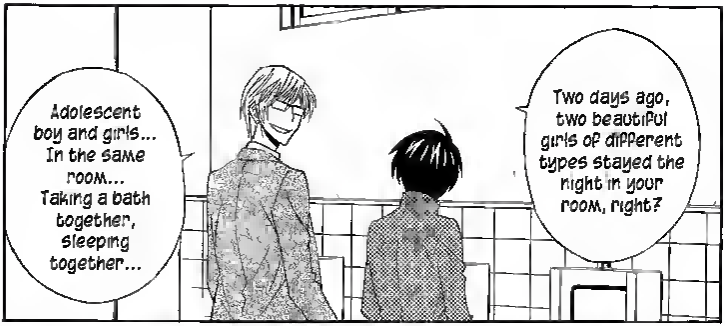
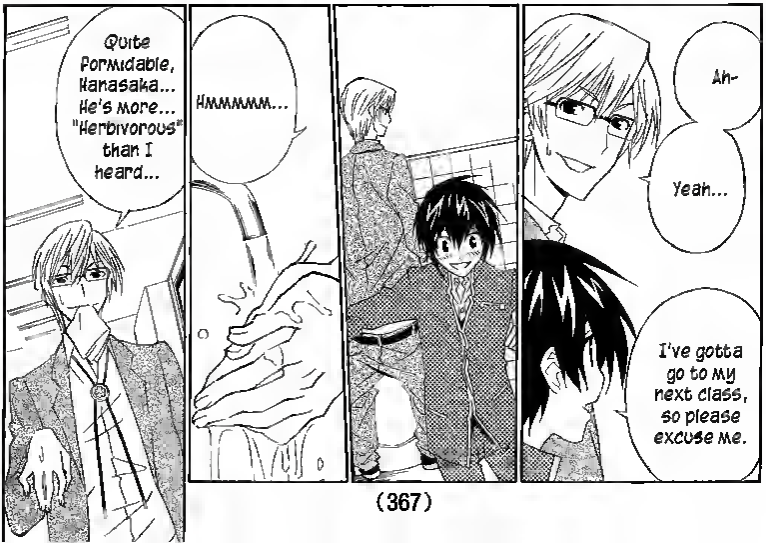
Ahaha! Sorry, sorry
Don't scare me like that, Tadano-sensei!
Then how about your life outside the school?
How is it, Kanasaka? Is school life fun?
10
N... No, that wasn't what I was talking about...
But they won't pay for the ingredients at all!!
Please listen to me! It's okay for me to cook for them
About that!!
They've even used my bath these past two days!!
Yeah, of course! Having a school life... It's been my dream for a long time~!



Two days ago, two beautiful girls of different types stayed the night in your room, right?
Adolescent boy and girls... In the same room... Taking a bath together, sleeping together...

Yeah, that! Exactly that!!
We even slept in the same room, but they wouldn't join me in love talks or pillow fights!!
I was looking forward to it so much! Don't you think they're mean? Sensei, they're so mean, right!?



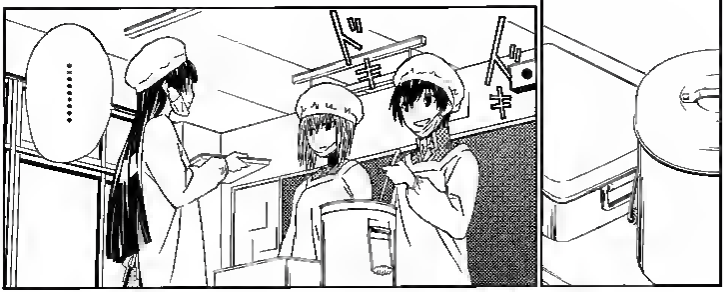
Ah-
Yeah...
I've gotta go to my next class, so please excuse me.
Hmmmmm...
Quite formidable, Kanasaka... He's more... "Herbivorous" than I heard...

Thank you very much!
Stand!
Bow!

Yeah, yeah. Congrats, good for you.
I did it! I finally experienced a school "class"!!
Aaaaaaah~ I'm so tired~!

Hmmmm... So that's the "Incredibly Lax Education" I've heard about.
In my previous school, our classes lasted for 90 minutes.
Eeeeh!?!? Seriously!?
Then, Hanasaka, how did you study until now?
"Class" was fun, but just sitting for 60 minutes is a bit rough
But I don't think I've ever studied for this long before.
It's individual studying. It's like communication learning and it's flexible, so it's nice.

Sorry to bother you while you're so absorbed, but...
By the way, Hanasaka ...
What the heck is this?
.....
Hey, look at this! It's awesome!
APRIL MENU
You mean this? This is the costume they wear in cafeterias!
The legendary "Cook's Apron"!!
The three of us are on duty!?
Meals were originally prepared and cooked by oneself.
In other words, from now on, everyday is "Lunch Duty" day!
You don't call something like this a duty!!
This is the legendary "Menu"!!



……

Lunch Duty-san, I'm counting on you to remove the carrots from my stew, please~
Geeeeez~ You're so hopeless~ Just this time, okay ☆
Yay♥ Thank you very much, Lunch Duty-san!

Lunch Duty-san, I'm counting on you for a big helping of stew, please!
Geeeeez! You're so hopeless! Keep it a secret from the teacher, okay♥
Thanks, Lunch Duty-san!

……
Whoa!
That's too much potato salad.
What a farce!

What are you saying!? That was the epitome of "Lunch Duty"!!
What the heck was that cospiay!?
You were so annoying that I just went along with you, but
Don't say that! Let's do it again~!
Hmph! I'm never gonna do what you say anymore!

Ah, okay okay~
You're going to change? I understand~
Our next class is PE, right?

.....
Okay, okay. I'll help you, Shikishima-san...
DOOR OPENS
Go away, Hanasaka!
We're not done changing yet!!

...Wait, it's not Hanasaka... A child?
Why is a child in here?

I remember. She's the child from the opening ceremony.
Is she an immigrant? Or is she...
There should be no child of that age in this country...
Kya!
SCIENCE LABORATORY

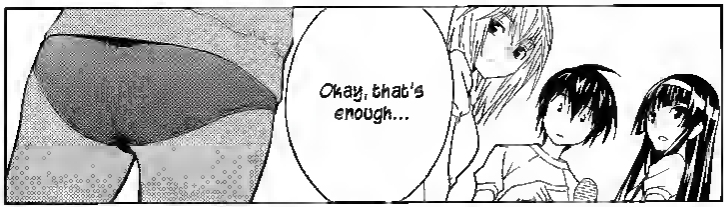
My first PE class! I'm so excited~!
By the way, Hanasaka, what's with those shoes?
Why are they so flimsy?
What are you saying, Himeshiro-san!?
These are the legendary "Gymnasium Shoes!"
Ah... I get it, so stop already.



Okay, that's enough...

Now then,
I'm your PE teacher.

What is it, Himeshiro-san?
Sensei, I have a question.
To think she was a teacher...
Tachibana Kikuka. Nice to meet you.
It's impolite to ask a mature woman about her age.
How old are you, Sensei?
I thought you were one of the growing NewGens...
So you're a mature woman... I'm glad.
Eeh?
Is that it, huh!? Huh!? Say something!!
Are you saying you see me as a 5-year-old!?
Whoa... What a troublesome girl...
No no, I didn't mean it like that...
Ufu

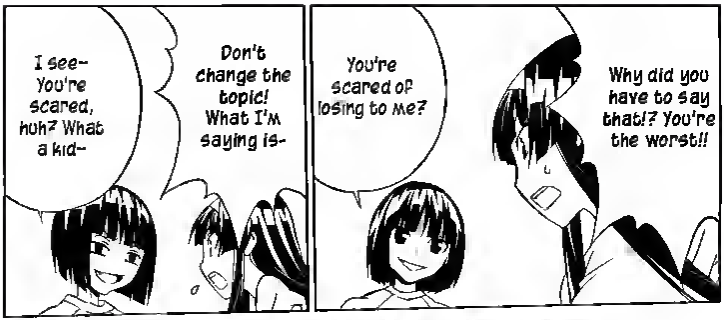
Going back to the lesson...
Ahem
Since this is our first meeting, I need to measure your physical strength.
And so, you'll be playing basketball with me.

You guys VS sensei. A 3 VS 1 irregular match.
If you can get even one point, then it's your win.

Sensei!
Yes, Himeshi-ro-san?
You've never had your monthly period yet,
So I won't allow you to just observe.

Huh!?

Wha-
I don't feel well, so I'll just observe.



I see- You're scared, huh? What a kid-
Don't change the topic! What I'm saying is-
You're scared of losing to me?
Why did you have to say that!? You're the worst!!

Even if you look like a kid, I think it's childish of you to be wearing our uniform.
If you're such an adult, then you should be wearing age-appropriate clothes.
Why is the oh-so-mature Sensei wearing kid's clothes?
Then, as a kid, let me say this

Are you calling me a loli old hag!?
Are you saying I look like a kid, but an old hag inside!?

Ah...
Tadano-sensei! You're the score-keeper!
Okay...
Hiya, guys~
I came to obser-ve~
I didn't go that far!

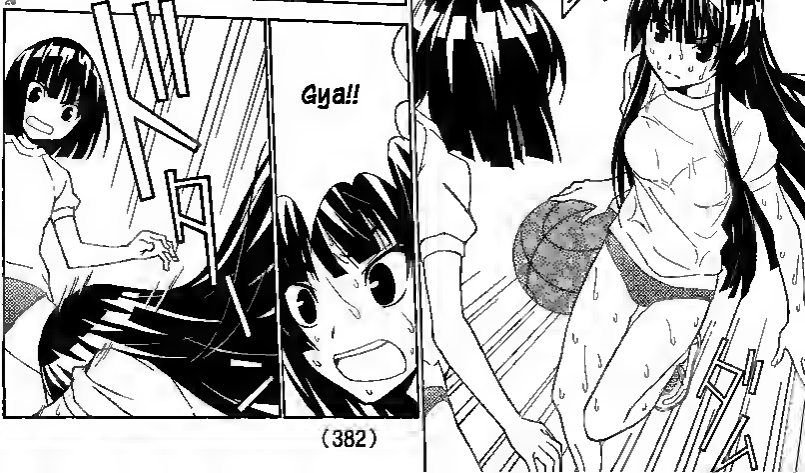
Alright, now that it's come to this!
Burn that into your minds and learn to respect your elders!!
You're all so spoiled, but that's just because everyone else is pampering you.
Don't misunderstand. You all act like you're special, but you're not.
Listen up. You, the LastGen,

I'll just have to use it against her!!
The fact that she's an adult...

You're 100 years too young!!
Hihihihi!! To even think that you could dribble past me



Gya!!

Shit, I did it...!
They'll absolutely definitely get mad at me...!
I let a LostGen get hurt...!
Pay cut! Suspension! Punishment! Fired!
And then the police will get involved...!
At worst, I'll be thrown in jail!?

Nobody said this was just a 1-point game.
This is a 3-point game!! You just have one point!
Huh!?
Don't worry about the small details!
You gonna play? Or are you gonna forfeit?
What's with that irresponsible rule!?
Then what about your score!? That's just messed up!!
Fine, we'll play
We'll definitely beat you!
Right, Hanasaka!?
Yeah

That trick won't work with this loli old hag anymore...
Damn
Or so I said,
But...
You won't trick me anymore, little girl!!
Well, well? Why don't you pass the ball!?

All I can do is try to aim for the basket!!
Since it's come to this...
She keeps blocking Hanasaka... I can't pass it...
I can't do it... It's like she's got eyes at the back of her head...

There's now way~ that could possibly go...

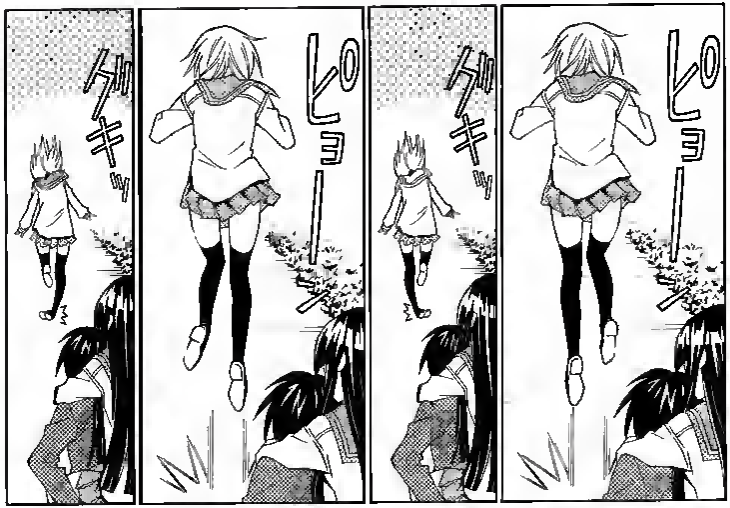
Right, Himeshiro-sa...
Ouch...
No way! You really sprained your ankle!?
But you know, that was such a realistic acting, Himeshiro-san!
Hmph. That woman isn't so stupid that she'd be tricked by just acting like I'm hurt.
Geez, you're so...
To beat that woman, I wouldn't mind spraining an ankle or two...
You totally fooled Sensei!

Wai- What are you doing?
Come on, just get on.
It's all thanks to Himeshiro-san that we won today, so let me do this much.
W-Well, if you insist, then it can't be helped. .

Okay
.....
Since you're so grateful, then today's dinner should be hamburger.
Okay okay, I get it.



Shikishi-ma-san, who wants to form relationships with others. Don't "hurt" yourself too much...
